Mind Over Matter: Peer Support Chapter

Memorandum of Understanding

8 September 2021

1 Background

- 1.1 This Memorandum of Understanding (MoU) is made on the 8th day of September 2021 between the following parties:
- (a) **CANTA CONSULTANTS LLP**, a limited liability partnership registered in India with LLP Identification Number AAI-4805, whose registered office is at E-20 Hauz Khas (1st & 2nd Floors), New Delhi 110016, India, which works under the brand name 'The Hearth Education Advisors' and hereinafter called the "Hearth"; and
 - (b) **GURUKUL MAHILA ARTS AND COMMERCE COLLEGE, PORBANDAR**, a College located at Jubilee, Bokhira, At. Porbandar, Gujarat 360575 and hereinafter called the "University".
- 1.2 The initial timeframe for this MoU shall be one year, commencing the date first written above.

2 Aims

- 2.1 This MoU's overarching aim is to establish a **Mind Over Matter Peer Support Chapter** at the University, which shall help the University destigmatise mental health and normalise reaching out for support amongst its young adult student community.
- 2.2 Mind Over Matter ("**MoM**") is a pro-bono volunteer organisation run by young adults, supported by the Hearth, which equips the youth with resources to look after their mental health. Several young people are struggling with mental health issues, and MoM strives to destigmatise these concerns and to assist the Indian youth in attaining an emotional and mental balance.
- 2.3 Peer Support: A peer supporter is a person who knows from their own experience with a condition, or from helping others or has received training to be empathic and understanding. Peer support is frequent, ongoing, accessible, and flexible. MoM's Peer Support Training Programme has a training manual supplemented by regular theoretical webinars and practical training calls with MoM's mental health professionals (psychologists, counsellors and life coaches).

3 Service Plan

- 3.1 Under this MoU, the Hearth will offer a Service Plan to the University to establish a Mind Over Matter Peer Support Chapter at the University.
- 3.2 MoM will provide the University with a training manual for peer supporters (designed and reviewed by professional psychologists).

- 3.3 MoM will also provide a structured course conducted by its mental health professionals and advisors to give the University's peer support volunteers further training and equip them to handle any minor issue faced by the student body.
- 3.4 Additionally, MoM will conduct practice calls for the peer support team.
- 3.5 The peer supporters primarily act as an extra support system for students at the University and are only responsible for minor and day-to-day stresses. The peer-support services are entirely free of charge.
- 3.6 MoM would assist and handle the administrative and organisational responsibilities and training of the student representatives for establishing the Peer Support Chapter at the University.
- 3.7 The above described Service Plan, including the time of the mental health professionals for the training of the peer support volunteers, will be provided free to the University by MoM.
- 3.8 However, neither the Hserth nor Mind Over Matter take any legal responsibility or liability for actions of the Peer Support Chapter of the University.

4 Responsibilities of the University

- 4.1 The University will commit between 10 and 20 students who would undergo training to become peer support volunteers and ONE faculty member who would oversee the Peer Support Chapter at the University. The training period for the faculty member as well as the students would be for a time period of one week at a time that is convenient for the University and Mind Over Matter.
- 4.2 Upon the completion of the training, the students would be expected to write a short reflective essay. They would then be required to commit a maximum of 2 hours a week for their responsibilities as peer supporters.
- 4.3 The University would widely publicise the Peer Support Chapter through the University's regular marketing channels, emails and website.
- 4.4 The faculty member from the University would need to contact the Mind Over Matter team and provide updates of a pre-determined format that would be agreed upon with the University.

5 Additionalities

- 5.1 It is recognised that the Peer Support Chapter will encounter those students whose concerns are beyond the peer support volunteers' ability to assist. When this occurs, there will be available a network of professional partners in helping such individuals. Currently, Mind Over Matter is working with 13 mental health

professionals. For ongoing sessions with our professionals, the professional directly charges a subsidised rate to the user.

- 5.2 Mind Over Matter works with the UK based AI firm Healthmine, which uses its proprietary technology to match users with the mental health professional best suited to them. Working with Healthmine has ensured that user matching is done effectively and efficiently and can enhance user experience with the organisation.
- 5.3 University students who require support beyond what the peer supporters can give will also have the option of being referred to mental health professionals. It should be noted that while this Service Plan is offered free of cost to the University, individual professional referrals beyond the Peer Support Chapter will have a fee paid directly to the mental health professional (at a special Mind Over Matter subsidised rate).

6 Designated Leads

- 6.1 Each party mentioned above will appoint a senior member of staff to lead on the work under this MoU.

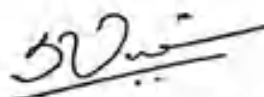

7 Disclaimer

- 7.1 It should be noted that the parties are not committing to legally binding obligations by signing this MoU document. It is intended that the parties remain independent of each other and that their collaboration and participation in the activities of this MoU does not constitute the creation of a legal entity nor authorise the entry into a commitment for or on behalf of each other.
